To Whom It May Concern:

Citizens for Education PAC was formed in January 2008 for the purpose of electing a fiscally-conservative slate of candidates for the May 2008 election in Washington Township.

In error, on June 13, Ms. Bigelow faxed a "Change of Treasurer" notice to the Secretary of State/Indiana Election Division. This should have gone to you. On Feb. 24, 2009, we provided to the Secretary of State all pertinent documents to clear our record with them. By this letter and attached documents, we are clearing our record with your office.

In essence, we should have disbanded in May 2008, but did not file the proper paperwork to do so. Therefore, we are submitting an amended return, showing the CFE is disbanded.

1. We do not have any candidates in the Nov 08 election – and don't anticipate running anyone until the May 2010 School Board Election for Washington Township.
2. We have closed our bank account this summer and have no funds.
3. We have been inactive (no meetings) since shortly after the May 08 election.
4. We may possibly reopen this PAC in early 2010.
